### **Beer Limitations for BYOB:**

Following Burleson County's encouragement, it is in our best interest to limit team beverage purchases to ONE case per TWO-DAY ticket (30 12oz. beverages), as we are prioritizing public safety for this year's Chilifest. We are committed to taking precautions necessary to limit intoxicated accidents as well as sustaining honor while working with our sponsors who make this event possible for us all. Chilifest has always had our community's best interest in mind as we donate profits back to local charities. If needed, you may purchase additional cases through our hosted bar which will supply additional beverages. That being said, Friday is no longer a BYOB day. Rather, you will be assigned a load-in day meant purely for your beverages (more information below)

### **Water Requirements per Tickets Sold:**

This year, Chilifest is implementing a minimum water requirement to a pallet of water per one-thousand tickets. To be clear, a pallet of water is 48 cases of 24 bottles of water. This ratio must be matched by all teams. (e.g.: If a team were to sell 500 tickets, the team must have half a pallet [24 cases of 24 bottles of water]). Chilifest will round to the nearest quarter of 1,000 ticket parameter for obscure numbers (e.g.: teams with 600 tickets will meet the requirement as if they had 500 tickets; teams with 675 tickets will meet the requirement as if they had 750 tickets).

### **3 Days of Team Set-Up:**

This year, there will be three separate load-in days (Tuesday, Wednesday, and Thursday), to create the best Team experience possible.

**\*\*\*NO SINGLE TEAM WILL HAVE MORE THAN TWO DAYS TO BUILD\*\*\***

The top six selling fraternities & top five selling men's organizations will begin load-in (no drills) Tuesday, April 1st. The following day, Wednesday, April 2nd, the remaining teams will begin their load in (no drills). All teams will be expected to deliver their beverages to their designated spot on whatever day they are not scheduled to load-in their build. Security will confirm that the amount of beverages are in accordance with our new expectations on Thursday, April 3rd.

**DO NOT LOAD-IN YOUR BEVERAGES DURING YOUR SCHEDULED BUILD LOAD-IN DAY. FAILURE TO COMPLY MAY RESULT IN EXPULSION FROM CHILIFEST GROUNDS.**

Trucks/trailers will ONLY be permitted entry onto chilifest grounds on Tuesday and Wednesday.

If teams wish to bring in materials for their spot with the use of a truck and/or trailer, teams MUST arrive prior to their designated load in time. It is expected of our participating teams to finish unloading within the allotted **45 minute time frame**. There will be rare, time-lenient exceptions granted while many teams are dropping off due to our focus to prevent chaos & ensure team safety within the perimeters of the Chilifest grounds. Hired security and Chilifest Chairman are obligated to escort violating teams off of the Chilifest grounds if necessary to sustain the integrity of the event. Please keep the number of vehicles used to a minimum, as large volumes of vehicles lengthen the efficiency that we can get teams in and out. After teams have unloaded their materials **within their 45 minute window**, they must remove their vehicles from the event grounds. Teams will be able to park their vehicles in the adjacent field, and return to the Chilifest grounds BY FOOT to set up their team spot. **ABSOLUTELY NO PARKING ON THE MAIN CHILIFEST GROUNDS**. Team members will be able to set up their team spot for the remainder of the day, UNTIL 5:00PM. At this time, all guests must leave both the grounds, and the parking lot. Teams will then be able to return to the Chilifest grounds Thursday, April 3rd, at 8:00am. On Thursday, no vehicles will be allowed in the grounds, but teams will be able to park in the NEW general admissions parking behind the original frat row, and walk into the event grounds, with tools, water, and personal effects for the day. No additional building material, or anything remaining in the build for Friday will be allowed into the event grounds on Thursday.

**ALCOHOL CONSUMPTION ON BUILD/ LOAD-IN DAYS IS PROHIBITED. VIOLATORS WILL BE SUBJECT TO AN ESCORT OFF CHILIFEST GROUNDS.**

We hope many of these new set precautionary measures ensure risk minimization while preventing life threatening, or potentially fatal, injuries for *all* of our attendees under the influence. We encourage our teams & attendees to drink responsibly while we are thrilled to see what our participating teams have to bring to the spotlight for our anticipated Chilifest Texas Country Music Festival of 2025!
